

Flurl Contract

Date written: 2/28/2018

This contract determines the ownership and equity of the application Flurl, owned by Gavin Wolfe (Sole Proprietor) .

Equity and limitations.

The equity in Flurl is solely dependent on the work and additions that each shareholder brings to the company. Equity will be decreased or increased based on the right of the majority owner, Gavin Wolfe. If Gavin Wolfe decides that a shareholder does not work to what is demanded or do what is determined, their equity is subject to change. This first Contract is here to not give a possible equity holder a set share amount, but rather a rewarded share amount if Gavin Wolfe believes the task or action demanded is followed through.

Simplified

Equity shares and dependencies as of 2/28/2018.

Gavin Wolfe: **88%**

Michael Hennessy: **6%** - (Increased to **15%** if Application grows past 1000 users that are brought by an indicated relation to Michael's work and remains constant growth, Decreased to **4%** if Michael does not give sufficient growth to application or does not spend sufficient time participation/work- **Determined by both Jonathan Kopp and Gavin Wolfe**)

Jonathan Kopp: **6%** - (Increased to **12%** if Jonathan completes an Android Version of Application)

Please note that these Equity's mat not be final, and can only be changed by Gavin Wolfe.

Jonathan Kopp

Michael Hennessy
